

AERON JAMES A. CASTILLO

Address: Palanca, San Jose Batangas
Phone: +639611982230
Email: aeronjamescastillo6@gmail.com
Website: ajutzu.github.io

SUMMARY

Aspiring Full-Stack Developer with experience building web applications using PHP, HTML, CSS, and JavaScript, alongside relational databases. Proficient in Bootstrap for front-end development and skilled in design tools like Photoshop and Canva. Familiar with hosting platforms such as Hostinger and InfinityFree, as well as API integration. Currently studying React.js, Node.js, MongoDB, and Laravel in preparation for my 4th year at university.

EDUCATION

BS Information Technology Major in Network Technology Batangas State University TNEU Lipa Campus <i>Lipa City, Batangas, Philippines</i>	Expected Graduation
Science, Technology, Engineering, and Mathematics (STEM) Saint Joseph Academy Incorporated <i>San Jose, Batangas, Philippines</i>	Year Graduated: 2022

PROECTS

TrekTribe	2024
Developed a web app for generating tracks and sharing travel content. Features include leaderboards, a public directory, and random track descriptions generated with OpenAI. Built with PHP, MySQL, HTML, CSS, JS, and Bootstrap, integrated with Google Maps, Directions, Geolocation, and Vision APIs.	
Gradify	2024
Developed a GPA calculator for students using my university's system. Features profile management, GPA history, achievements, and shareable classroom leaderboards via the Web Share API. Built with PHP, MySQL, HTML, CSS, Bootstrap, and JavaScript.
